Good morning,

Results are in. Thank you for reviewing and submitting the rubrics. I have taken all the data components and scored those as well. Please let me know if you have questions or concerns or want to see anything else. Kathleen and Jessica – as officers, I need one of you to call for a vote and do an email vote to approve this. And unfortunately I need that ASAP. I have to submit the BOS application by tomorrow (and I need to let these agencies know and have them accept before then).

Please remember, this information is confidential and should not be shared with anyone.

The attached document has 4 tabs. Tab 1 = scoring (actual data fitting into the predetermined categories to get a score). Tab 2 = narrative scoring. Tab 3 = actual data. Tab 4 = conversion for the CoC Competition.
