Director HHCS

Meeting Minutes:

Speaker: Peter Kruit City of Superior Building Inspections

What is the procedure to a City Inspection? If a complaint is issued through the courts then they are able to go into the property to do an inspection. Neighbors can call at any time about brush, garbage, building materials needing to be cleaned up and the city will follow up.

Is there somewhere that a tenant or possible tenant to call and check on orders on the landlord to protect themselves? They can call the City of Superior Building Inspections

Karyn will send the APAC email list to Peter so he will be able to contact me when he gets news of possible tenants being asked to leave due to the property being unlivable.

Invite Habitat for Humanity to APAC.

Paint the Town? Let's take a relook at that.

People needing help with small house or yard help..are we able to help in some way? Wildfire. Us as a group. Small outdoor house repairs. Painting. Garbage and brush clean up.
