IV. Description of Coordinated Entry

A. Access: The WI BOSCO Coordinated Entry System follows a “No Wrong Door” approach. A client can seek housing assistance through any of the Partners and will receive integrated services. Partners have a responsibility to respond to the range of client needs pertaining to homelessness and housing, and act as the primary contact for clients who apply for assistance through their agency unless or until another Partner assumes that role. Partners will complete the Pre-Screen Form, Client Rights and Responsibilities, HMIS Release of Information (as needed), identify immediate housing or shelter needs, and assist clients with accessing services for these immediate needs.

B. Assessment: One of the triage tools (Barriers Assessment/Prevention) will be completed for all households in order to facilitate connection to an appropriate housing intervention (Transitional Housing, Rapid Re-Housing, Permanent Supportive Housing, other Permanent Housing, or Prevention programs). All triage tools will be completed by trained staff.

C. Referrals: Partners refer households to the appropriate Prioritization List (Households with Children/Households without Children) based on household composition, as well as the HMIS or Non-HMIS List based on client preference. Connection to appropriate services will be based on assessment, prioritization, eligibility and written programs standards.

D. Follow-Up: Referring Partners will follow-up with each household no less than every 30 days. Timely follow-up ensures Prioritization Lists are accurate and keep the Coordinated Entry System current.

E. Evaluation: The WI BOSCO Coordinated Entry System will include evaluation of consumer outcomes and system performance in order to: increase effective use of resources, improve quality of service to consumers, and to proactively identify and plan services. Partners will promote and review system-wide performance standards. Additionally, an annual review of Coordinated Entry tools and processes will be conducted with feedback from clients, Partners, and WI BOSCO members.
