### Below Threshold Process

- All projects scoring 70% or higher on the Scoring Tool (in the 1st round) and is in good standing with HUD and the Balance of State CoC automatically is eligible to submit a renewal project application.
- If a project falls below 70%, the agency is required to submit a [Decision Form](#) to the CoC Director. The Decision form includes 3 options: relinquish the grant, reallocate the grant, or request reconsideration (asking the CoC permission to submit the project application despite being below threshold).
- If the project requests reconsideration, a [Request for Reconsideration Form](#) must be completed and submitted to the CoC Director. If the request is granted, the project will receive a letter outlining the conditions in which a renewal application can be submitted.
- If a project fell under threshold during the FY23 CoC Competition and again in FY24 CoC Competition, the project must request an [Exemption Form](#). If the project is in good standing with HUD, the CoC, and making improvements in coordination with CoC staff recommendations, the project will be allowed to submit a renewal project application. If not, the project will be required to complete the [Decision Form](#).
- If an agency spent less than 75% of their grant (even if the project scored above threshold), the agency must submit a [Low Spending Form](#) to the CoC Director. If the explanation is accepted, the project will receive a letter outlining the conditions in which a renewal application can be submitted.
- If an agency's project unit utilization is less than 80% (even if the project scored above threshold), the agency must submit a [Low Utilization Form](#) to the CoC Director. If the explanation is accepted, the project will receive a letter outlining the conditions in which a renewal application can be submitted.
