2A. Project Detail

- 1a. CoC Number and Name:** WI-500 - Wisconsin Balance of State CoC
- 1b. Collaborative Applicant Name:** Wisconsin Balance of State Continuum of Care, Inc.
- 2. Project Name:** WIBOSCOC Planning Grant FY2018
- 3. Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

Organized in 1992, the Balance of State CoC is a 501c3 & covers 69 counties. The geography is broken down into 21 local homeless coalitions. Due to the diversity and size, the BOS organizes 4 meetings a year, rotating around the state, provides training opportunities, technical assistance, advocacy updates, best practices & roundtable discussions for all members. Business mtgs include committee reports, updates from the HMIS lead & Board, presentations related to strategic goals and system performance measures. The BOS has 3 FTE staff—CoC Director, Monitoring & Compliance Coordinator & CE System Specialist. These positions are funded by the CoC planning grant. With the implementation of HEARTH & the CoC Interim rule, the ability of the volunteer board to manage the broadened responsibilities was not a viable long term plan. The planning grant funds support the CoC’s ability to carry out the provisions of Subpart B, specifically allowing the CoC to hire & maintain the 3 FTE who collectively ensure compliance with the provisions of 24 CFR 578.7, implementation of a housing & service system to prevent & end homelessness at the BOS CoC level & provide direct support to the 21 local coalitions in executing the same. The CoC Director is responsible for: planning & organizing regular meetings of the full membership & open invites; maintenance & review of the governance charter; assist Board with committee & workgroup tasks; collaborate w/HMIS lead to ensure participation & review & approve privacy, security & data quality plans; develop performance targets for CoC & ESG funded projects; overall coordination of the homeless crisis response system & the development of processes within the 21 local homeless coalitions; the planning, training, data collection & HDX submission for the semi-annual unsheltered & sheltered PIT count; providing info for Con Plan development including data sharing; consultation with ESG admin on allocation, reporting, monitoring & evaluation; ensuring policy compliance & the completion of an annual gaps analysis & evaluation of results; the preparation & submission of the Collaborative Application with the approval of the Board. The Monitoring & Compliance Coordinator is responsible for conducting monitorings of all CoC & ESG funded projects, making recommendations to the Board on underperformance issues, providing technical assistance to ensure compliance, evaluating progress toward CoC-specific goals & facilitating best practices such as housing first. The Coordinator works collaboratively with DEHCR on ESG-funded project specific compliance, monitoring & evaluation. The CE System Specialist is responsible for ensuring CE system compliance & consistency over the entire geographic area, training & technical assistance, monitoring & evaluation. This includes adherence to the policies & procedures, marketing, written standards & order of priority established by the CoC.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

The activities are already underway in the CoC. The current planning grant pays for the 3 FTE positions that directly fund the staff and allow for the activities required in 24 CFR 578.7 to be accomplished. The process of implementing & reviewing the established housing & service system to prevent and end homelessness at the CoC-level and local homeless coalition level is an ongoing task. Following the completion of the CoC Competition, the CoC Board and CoC Director will review the current activities, make changes & identify areas of improvement. The achievement of goals & objectives and the development of the work plan is monitored by the Board's executive committee and the CoC Director. Progress is reported monthly to the Board by the CoC Director & discussed quarterly with the CoC members at the full membership meetings. The Board & executive committee meet separately on a monthly basis. The strategic plan continues to be updated annually to ensure alignment with the overall needs & HUD policy directives & requirements. The CoC Board is ultimately responsible for assuring the effective & timely completion of all work. The CoC Board members are required to chair standing & ad hoc committees & workgroups, ensuring progress on all committee tasks. The CoC Director reports to the Executive Committee. Performance reviews are completed annually by the Executive Committee. The CoC Director supervises the Monitoring & Compliance Coordinator & the CE System Specialist. All staff have a job description, job expectations & meet weekly to identify goals and report on progress.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

The requested funds will be used to pay for 3.0 FTE positions. Each staff member plays a key role in evaluating CoC & ESG projects. The funds are imperative in order to increase the CoC's capacity to evaluate performance & provide ongoing technical assistance to improve outcomes. Prior to the planning grant, the volunteer Board struggled to have time to dedicate to evaluation of outcomes. This necessitated the investment of having staff. The CoC Director's activities include consultation with the ESG administrator regarding allocation of ESG funds, development of the ESG certification plan for leads & sub-recipients seeking ESG funds, ensuring compliance with CoC policies & procedures. The CoC Director is responsible for providing the Board information & data in order to establish goals, standards & benchmarks that are in line with the CoC's strategic plan to end homelessness. The CoC Director provides monthly updates to the Board on system performance measures & quarterly updates to the full membership. The CoC Monitoring & Compliance Coordinator's activities include monitoring CoC & ESG-funded projects & evaluating project performance. The CoC has a joint MOU for monitoring purposes with the ESG grant administrator to minimize redundancy, decrease processing time & increase communication. Together, the CoC Director & Coordinator identify areas in need of improvement & create opportunities for cross-collaboration among local homeless coalitions with the CoC. The CE System Specialist is responsible for CoC & ESG-funded project compliance with the CoC's approved CE policies & procedures, written standards & order of priority. The Specialist reviews & assesses the use of the CE system to ensure people's needs are matched with the appropriate interventions.

4. How will the planning activities continue beyond the expiration of HUD

financial assistance?

Replacing the funding for 3.0 FTE positions to continue facilitating & organizing the planning activities described above will be challenging. The CoC Board & CoC Director will need to secure ongoing funds from a variety of sources. This can be accomplished through grant writing for State, philanthropic organizations & private foundations who funding priorities meet the strategic goals of the CoC. Discretionary funds are generated from two main sources. First, each of the 21 local homeless coalitions pay annual membership dues. Second, participants pay registration fees for the quarterly full membership meetings. Dues & registration fees would have to increase.

Review current shelter policies & procedures in order to identify areas of improvement, implement “housing focus” and trauma informed care into the shelter system & standardize waitlists or tracking of unmet needs. Research, develop, implement & train on best practices in shelter systems. Evaluate outcomes, review system performance & monitor progress. (2) Create a systematic diversion program to reduce the number of people entering the homeless system. Identify best practices, research, gather data & develop training. Implement on a smaller scale, lessons learned & then replicate across the BOS.	Monthly	Committee Chairs: Duana Bremer (Salvation Army) & Alexia Wood (St. John’s).
