CoC – Renewal
Demand =
\$12,574,269

Tier 1 Limit =
\$11,945,556

CoC BONUS
funds available =
\$628,713

DV Bonus funds
available =
\$1,062,464

CoC Planning =
\$377,228

Bonus Funds

We will release applications on Monday (August 15th) and will be due August 31st. This includes:

- Bonus applications
- DV Bonus – Expansion of Balance of State DV RRH grant application
- DV Bonus – new solo applications for RRH or TH/RRH
- DV SSO CE – letter of interest in expanding current SSO CE DV grant

Bonus projects submitted in coordination with & leveraging housing and/or healthcare will be placed on the top of Tier 2.

Coordination with Housing and Healthcare

To comply with the FY 2021 Appropriations Act, HUD is providing an incentive through bonus points for CoCs to submit at least one new permanent supportive housing or rapid rehousing project that demonstrates coordination between housing providers and healthcare organizations through reallocation or the CoC Bonus.

To receive maximum available points, CoCs must submit at least one new PH-PSH or PH-RRH project demonstrating coordination with housing providers and healthcare organizations.

A. CoCs may apply for at least one new permanent supportive housing or rapid rehousing project that uses healthcare resources to help individuals and families experiencing homelessness, including:

- **direct contributions** from a public or private health insurance provider to the project, or
- **provision of health care services** by a private or public organization tailored to the program participants of the project.

B. Eligibility for the project must be based on HUD CoC Program fair housing requirements and cannot be restricted by the health care service provider.

C. Though your CoC may submit several new projects meeting these criteria, the NOFO states CoC's will receive full points by demonstrating that they have applied for at least one permanent supportive housing or rapid rehousing project that utilizes healthcare resources not funded through the CoC or ESG Programs.

CoCs must demonstrate through a written commitment from a health care organization that the value of assistance being provided is at least:

(a) in the case of a substance abuse treatment or recovery provider, it will provide access to treatment or recovery services for all program participants who qualify and choose those services; or

(b) an amount that is equivalent to 25% of the funding being requested for the project will be covered by the healthcare organization.

Acceptable forms of commitment are formal written agreements and must include:

- value of the commitment and
- dates the healthcare resources will be provided.

In-kind resources must be valued at the local rates consistent with the amount paid for services not supported by grant funds.

As of
Today's
Date:

HUD has **not** posted:

- The detailed instructions for the project application – renewal
- The detailed instructions for the project application - new

Access to ESNAPS is **not** available for:

- CoC Application
- CoC Priority Listing
- Project Applications – renewal
- Project Applications - new
