

- ❖ Any questions or comments regarding the DV SSO Match MOU or collection/reporting form that was sent out on Monday?
- ❖ Many of you have gotten emails from me regarding spending targets for the SSO grants. I'll be sending those out for each project with the hope that we can anticipate spending level issues prior to the close of the grant. I'll also send them out at the 9-month mark and will start discussing budget amendments or reallocation with those that aren't hitting the target by that point.
- ❖ Healing Centered Engagement Training
 - ❖ Trauma Informed Care 2.0

TRAINING

HEALING CENTERED ENGAGEMENT

THURSDAY, MARCH 2
1-2:30 PM VIA GO-TO MEETING

More info at
www.wibos.org

HCE Moves beyond trauma-informed care and the question "What happened to you?"

HCE is a new concept of dealing with those living with psychological trauma. It is a non-clinical, strengths-based approach that advances a holistic view of healing.

This training will provide an overview of HCE and how compassionate communication is a powerful tool to create a healing culture consistent with HCE.
