Healing Centered Engagement Part 2

Healing Happens in Healthy Relationships

Join us **in-person** to learn how to promote engagement using compassionate communication skills.

Through small group interaction and activities, you will have the opportunity to practice empathic communication skills to recognize and set aside judgements, make observations & reflections, connect with others at a feelings and needs level and make requests without demands.

Based on the work of Marshall Rosenberg, (cnvc.org).

TUESDAY, MAY 23RD, 2023
2 SLOTS AVAILABLE 9-12 OR 1-4
