

Dairyland Coordinated Entry After Hours Plan 2022

The Eau Claire area has a shelter for families with children, victims of domestic violence, single adults, and other transitional programs. Often people experiencing homelessness in the Eau Claire community do have options of places to stay. Some people have used their right to self-determination and choose to be unsheltered.

This after-hours plan will address access to Coordinated Entry when households seek assistance with homelessness after business hours.

Coordinated Entry Program Partners

If a household with or without children contacts a shelter after hours by phone, through law enforcement, or presents at the shelter, the volunteer or staff will gather client's information on a Prescreen form and contact them within two business days to offer Coordinated Entry. If there is space available at Sojourner House Emergency Shelter, staff will determine their eligibility for shelter services. If possible, a warm hand off from emergency personnel is preferred.

If contact information is given, agency staff will contact client within two business days to follow up if they were able to access coordinated entry. If not, staff will offer to set appointment to complete coordinated entry paperwork and assessment.

Domestic Violence Situations:

If an individual or family is experiencing domestic violence after hours, they can contact Bolton Refuge at 715-834-9578 or 1-855-526-5866 (855-5-BOLTON).

Bolton Refuge House operates an 18-bedroom emergency shelter for individuals who are in imminent danger of violence in their current living situation. Each person's situation is unique, so anyone seeking shelter meets with an advocate to talk about their individual needs and learn about their options.

Unaccompanied Youth

If an unaccompanied minor youth is encountered at an Adult Serving Shelter or on the street after hours, law enforcement is to be engaged first through the non-emergency system. Law enforcement will determine the facts and circumstances of the case and make the appropriate notifications per policy and procedures that are currently in place for law enforcement. Additional referrals to community programs and supports will be completed as necessary by the Department of Human Services.

Review Plan

This plan is a work in progress. It will be discussed as needed at the Dairyland Housing Coalition meeting to review its usage, determine its effectiveness, and explore any changes that are needed. The plan will be shared electronically with the entire Dairyland Housing Coalition data base and 211. If resources change and are no longer available before then, the plan will be reviewed at that time, and shared amongst all members and agencies within the Dairyland CoC.
