Point-in-Time: Young Adults & Parenting Youth

Youth – Persons under age 25. HUD collects and reports youth data based on persons under 18 and persons between 18 and 24.

•**Parenting Youth** – A youth who identifies as the parent or legal guardian of one or more children who are present with or sleeping in the same place as that youth parent, where there is no person over age 24 in the household.

•**Unaccompanied Youth** – Unaccompanied youth are persons under age 25 who are not accompanied by a parent or guardian and are not a parent or guardian presenting with or sleeping in the same place as his/her child(ren). Unaccompanied youth are single youth, youth couples, and groups of youth presenting together as a household.

Improving the System

- **3 Key Questions:**
 - Do you have the “right projects” in your coalition?
 - Do you have the “right funding” for those projects?
 - Do you have the “right amount” of permanent housing options available for those in need?
- **Right Projects:** What does your current need tell you about what resources or tools need to be changed?
 - Permanent Supportive Housing (PSH) level – ongoing, longer term assistance to address mental health and AODA
 - Rapid Re-housing with Intensive Case Management (RRH ICM) – more intense, flexible case management, follow up
 - Rapid Re-housing (RRH) – light touch case management
- **Right Funding:** CoC & ESG (government funding) are just a few tools in the toolbox. It cannot end homelessness by itself.
 - There are specific things these funding sources cannot pay for (i.e. access to internet, gas cards).
 - There are specific priorities for the government funding, where foundation funding can be flexible or target the areas that remain unmet.
- **Right Amount:** Permanent housing options includes creative housing solutions that meet individual needs
 - Requires active recruitment, education, and support for landlords
 - Requires advocacy and commitment for more housing units available to those with imperfect records and low/no income
 - Requires adding vouchers when possible, targeting subpopulation needs (youth, domestic violence survivors, veterans, etc.), and creating flow between Section 8 and those exiting PSH programs (i.e. moving on or up)

Top 5 Things Needed to End Homelessness

Strong Coalition

- Diverse perspectives including people with lived experience
- Focused on ending homelessness, not managing it
- Willing to be creative and focused on needs of the population

Strong Homeless Crisis Response System

- Ensure that the system includes: prevention, diversion, outreach, intake & assessment, emergency services, housing solutions, and case management
- How much of each service is needed, what performance is expected, what outcomes are reached, what can be improved?
- Enhance coordinated entry system to ensure all people experiencing homelessness have access to prioritization list referral

Commitment to Ending Homelessness

- Case conferencing, problem solving, and seeking permanent housing solutions for everyone identified as homeless
- Enhanced case management with team approach across sectors (including mental health and addiction services & supports), using housing first philosophy, being client centered and trauma informed
- Focus on reducing inflow into the system and increasing outflow with positive client outcomes

Top 5 Things Needed to End Homelessness

Affordable Housing

- Must have places for people to live
- Units must be affordable (below 60% County Median Income, focus on 0-30% County Median Income)
- Units must be accessible and meet basic housing quality standards (safe and sanitary)
- Units must be rent reasonable and within fair market rent for the community

Landlords of Existing Properties

- Willing to work with people who are seeking to end their homelessness
 - Issues with credit or no credit
 - Negative rental history or no rental history
 - Criminal background
- Willing to accept housing vouchers
- Willing to make necessary repairs to bring units into compliance with basic housing quality standards
