New Project Application

Introduction

Welcome to the New Project Application Navigational Guide. This navigational guide covers important information about accessing and completing the Project Application for new projects.

The organization submitting the Project Application for funding is the Project Applicant. Project Applications are submitted to the Continuum of Care (CoC) Collaborative Applicant, which submits the entire funding application to HUD on or before the CoC Program Competition deadline.

Prior to using this navigational guide, Project Applicants **must** have completed the Project Applicant Profile. In order to meet that requirement, the Project Applicant Profile's "Complete" button must be selected during the competition period. A separate Project Applicant Profile Navigational Guide is available at:

- <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>.

All Project Applicants are strongly encouraged to read the FY 2021 CoC Program Competition NOFO at:

- https://www.hud.gov/program_offices/comm_planning/coc/competition.

This navigational guide supplements the New Project Application Detailed Instructions provided at:

- <https://www.hudexchange.info/resource/2909/coc-project-application-instructions-for-new-projects/>

Ask A Question (AAQ)

Submit questions to the AAQ at: <https://www.hudexchange.info/program-support/my-question/>.

On Step 2 of the AAQ form, in the "My question is related to" dropdown:

- *Select "e-snaps" for questions about the Notices and NOFOs; Project Applications; CoC Application and CoC Priority Listing; Grant awards, agreements, or amendments; and e-snaps technical issues.*
- *Select "CoC: Continuum of Care Program" for policy and regulatory questions.*

Objectives

By the end of this module, you will be able to do the following:

- Access *e-snaps*
- Register for the FY 2021 New Project Application funding opportunity
- Create a New Project Application under the funding opportunity
- Enter a New Project Application from the "Submissions" screen
- Complete and submit a New Project Application to the Collaborative Applicant
- *Only if needed*, coordinate with the Collaborative Applicant prior to the submission deadline to make changes to a Project Application in *e-snaps*

New Project Application

Posted Resources

HUD has determined that some CoC and e-snaps related resources need to be posted to HUD.gov as HUD's official website, rather than to the HUD Exchange, which focuses on technical resources for communities and grant recipients. FY 2021 NOFO information (e.g., detailed instructions), including the FY 2021 e-snaps Navigational Guides, will be published and updated on HUD.gov.

Overview of the Project Application Process

FY 2021 Project Applicants must complete a Project Applicant Profile and Project Application using *e-snaps*, a web-based portal accessible at:

- <https://esnaps.hud.gov/>.

Each Project Applicant must complete a Project Applicant Profile and submit its Project Application(s) to the applicable CoC in *e-snaps* by the local submission deadline established by the CoC.

The CoCs will do the following:

1. Review and either rank or reject properly submitted Project Applications received, and
2. Submit the Priority Listing with all approved and ranked or rejected Project Applications as part of the CoC Consolidated Application to HUD

Overview of this Navigational Guide

The organization of material in this navigational guide corresponds with the different parts of the Project Application process, and the navigational steps follow the progression of screens in *e-snaps*.

- **Accessing e-snaps.** All *e-snaps* users need usernames and passwords to log in to *e-snaps*. In order to see an organization's Project Applicant Profile and Project Applications, the *e-snaps* user needs to be associated as a "registrant" with the organization's *e-snaps* account. This section identifies the steps required to create user profiles and add/delete registrants.
- **Project Applicant Profile.** Project Applicants must review the Project Applicant Profile, update the information as needed, and select the "Complete" button in order to proceed with the Project Application process.
 - The Project Applicant Profile section of this navigational guide briefly highlights key information for Project Applicants that are getting ready to complete their Project Applications.
 - For instructions on completing the Project Applicant Profile, go to the Project Applicant Profile navigational guide at:
 - <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>
- **Establishing and accessing the Project Application.** After the Project Applicant Profile is complete, Project Applicants need to follow a series of steps in order to access the Project Application screens. The steps discussed in this section include registering the Project Applicant for the FY 2021 New Project Application funding opportunity, creating an FY 2021 project, and accessing the Project Application screens.

New Project Application

- **Project Application.** After accessing the FY 2021 New Project Application, Project Applicants will complete a series of screens asking for information about the project for which they are applying for funding. This section provides instructions on how to complete each screen. After providing all of the required information, the Project Applicant will submit the Project Application to the Collaborative Applicant via *e-snaps*.
- **Submitting the Project Application.** This section discusses what occurs after the Project Applicant submits the New Project Application in *e-snaps* to the Collaborative Applicant. The Collaborative Applicant will review and either approve and rank or reject the Project Application.
- **Amending the Project Application.** If changes need to be made to the Project Application, the Collaborative Applicant will amend the project back to the Project Applicant. Notification for amending a project back to the applicant occurs outside of *e-snaps*. Once the Collaborative Applicant has finalized the CoC Project Priority Listing, it will submit to the CoC Consolidated Application to HUD.

Amending an Application

If the CoC amends the project application back to the Project Applicant for revision or correction, it is the Project Applicant's and Collaborative Applicant's responsibility to ensure the Project Application is resubmitted in e-snaps to the CoC and either approved and ranked (or re-ranked) or rejected before the CoC Priority Listing is submitted to HUD.

If a Project Application does not appear on the CoC Priority Listing, it will not be reviewed or considered for conditional award.

New Project Application

Highlights in e-snaps for the FY 2021 CoC Program Competition

This section highlights several items in *e-snaps* this year.

- **Expansion Project Screen.**

If a project applicant intends to submit a new expansion project application (up to two new project applications are allowed) to a corresponding renewal project application, the renewal project application and new expansion project application must be submitted as outlined in the FY2021 CoC Program Competition NOFO.

Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2022, as confirmed on the FY 2021 GIW or eLOCCS, must be to the same recipient, and must be for the same eligible component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

Both the new and renewal project applications must be ranked on the CoC Priority Listing.

- **Funding Sources and Limitations.** For FY 2021, new projects are eligible through “Reallocation” funds, “Bonus” funds, a combination of “Reallocation + Bonus” funds, or “DV Bonus” funds. Review the NOFO for more information:

- https://www.hud.gov/program_offices/comm_planning/coc/competition

- **Transition Grant.** Project applicants can change the component of an existing renewal project application through the transition grant process by transitioning the project to an eligible new component. The CoC must fully reallocate the renewal project’s funds, and then the same project applicant must submit a new project application in *e-snaps*. Eligible components for new projects in the transition process are: PH-PSH, PH-RRH, Joint TH and PH-RRH, SSO-CE, and HMIS. Refer to Section II.B.2. of the FY 2021 CoC Program Competition NOFO for the criteria that applicants must follow for transition grants.

New Project Application

Helpful Reminders from Prior Years

This section highlights several items that are not new but are included as useful reminders.

- **HUD 2880 (Applicant/Recipient Disclosure/Initial Report).** As with prior years, the HUD Form 2880 is no longer uploaded as an attachment. This form is related to the Project Applicant Profile and the fields are not editable in the forms in the Project Applications. For instructions on completing the HUD Form 2880 in both the Project Applicant Profile and the Project Applications (new, renewal, YHPD, CoC planning, and UFA costs), refer to the following resource:
 - <https://files.hudexchange.info/resources/documents/How-to-Complete-the-HUD-Form-2880-in-e-snaps.pdf>.
- **Prepopulating Data from the Project Applicant Profile.** Some data will automatically populate fields on several screens from the information entered into your Project Applicant Profile. If this information is incorrect, changes can be made by exiting the application and returning to the Project Applicant Profile.
- **The "Project Application" and "CoC Priority Listing."**
 - The Project Application includes the information submitted by renewal and new Project Applicants for funding consideration.
 - The CoC Priority Listing includes the New Project Listing, Renewal Project Listing, CoC Planning Project Listing, and, if designated by HUD as a Unified Funding Agency (UFA), a UFA Project Listing.
- **Applicant Field and Dropdown Menu.** When *e-snaps* users log in to the system, they will see an "Applicant" field at the top of the screen. This field identifies the organization's account in which the user is working.

Users with *e-snaps* access to more than one organization's account will see a dropdown menu listing two or more organizations. This group of *e-snaps* users includes staff persons who work on multiple applications (e.g., a staff person at an agency that serves as the Collaborative Applicant as well as a Project Applicant submitting one or more Project Applications).

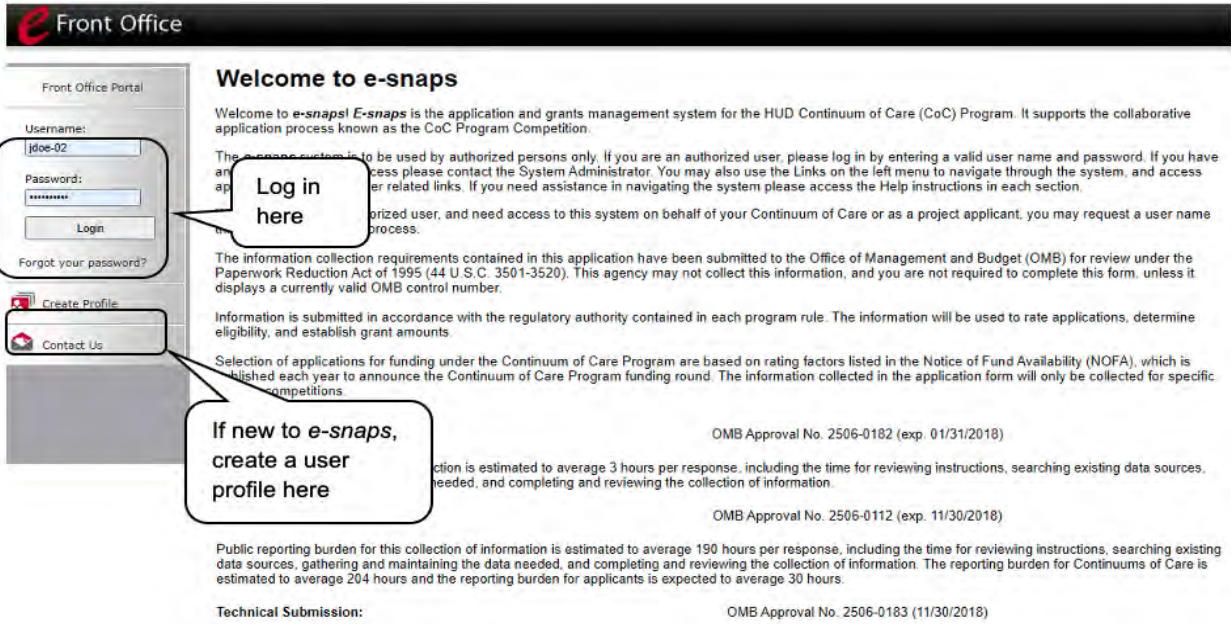

This feature appears when working on the Applicants, Funding Opportunity, Projects, and Submissions screens. Only the items (e.g., Projects) pertaining to the Applicant listed in the field appear on the screen. Users must ensure they are working in the correct Applicant account.

- **Collaborative Applicant.** During the CoC Program Competition, Project Applicants will see references to the "Collaborative Applicant." The Collaborative Applicant is the entity designated by the CoC to submit the CoC Program Registration and CoC Consolidated Application in the CoC Program Competition on behalf of the CoC.

New Project Application

Accessing e-snaps

The Project Application is submitted electronically in *e-snaps* during the annual competition under the FY 2021 CoC Program Competition NOFO.

NOTE:

Each e-snaps user must have his or her unique log-in credentials. Preferably, each organization will have at least two people with access to e-snaps—the Authorized Representative and one or more additional staff.

Existing Users

Steps

1. Direct your Internet browser to <https://esnaps.hud.gov/>.
2. On the left menu bar, enter your username and password. You will then enter *e-snaps* and arrive at the "Welcome" screen.
3. If you forgot your password, select "Forgot your password?" under the "Login" button.

New e-snaps Users

Steps

1. Create an *e-snaps* username and password by selecting the "Create Profile" link.
2. Log in as instructed under Existing Users above.

New Project Application

Give Staff Access to Your Organization's e-snaps Account

Having a user profile enables a person to access *e-snaps*. However, only individuals who have been associated with the organization as a registrant (also referred to as registered users) have the ability to enter information in the Project Applicant Profile and Project Applications associated with the organization.

For information on how to add and delete users, refer to the “Give Staff Access to Your Organization's e-snaps Account” resource at:

- <https://files.hudexchange.info/resources/documents/Give-Staff-Access-to-Your-Organizations-e-snaps-Account.pdf>

New Project Application

Project Applicant Profile

Project Applicants must complete the Project Applicant Profile before moving forward in the Project Application process. To complete the Project Applicant Profile, the Project Applicant needs to ensure the data entered in the profile screens is accurate and must select the “Complete” button on the “Submission Summary” screen.

This section in the New Project Application Navigational Guide highlights key information needed to successfully complete this step. It does NOT provide detailed instructions.

For detailed instructions, see the Project Applicant Profile navigational guide at:

- <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>

- **Access the Project Applicant Profile.** To access the Project Applicant Profile, log in to *e-snaps*, select "Applicants" on the left menu bar, ensure that the correct Project Applicant name in the "Applicants" field at the top left side of the screen is selected, and select the orange folder to the left of the Project Applicant name on the screen.
- **Organizations that are Collaborative Applicants and Project Applicants.** If the organization applying for funding as a Project Applicant is also serving as the Collaborative Applicant, the organization will have two Applicant Profiles—one for the Project Applicant and one for the Collaborative Applicant.

The "Applicant" field dropdown menu at the top left side of the screen contains the list of Applicants that a user can access. If you have issues with finding the correct Project Applicant, submit a ticket to HUD Exchange Ask A Question, at: <https://www.hudexchange.info/get-assistance/my-question/>, under the *e-snaps* Reporting System (the header for which is featured on Step 2 of the AAQ page).

- **First-time Applicant.** If an organization is new to *e-snaps* (i.e., submitting a Project Application for the first time), the organization must establish itself as a Project Applicant in *e-snaps*. Review the Project Applicant Profile Navigational Guide at:
 - <https://files.hudexchange.info/resources/documents/Project-Applicant-Profile-Navigational-Guide.pdf>

An organization will establish itself as a Project Applicant in *e-snaps* one time only.

*If you are a Collaborative Applicant and a Project Applicant applying for renewal, new, CoC planning, or UFA costs project funds, you must have **two separate Applicant Profiles**—a Collaborative Applicant Profile and a Project Applicant Profile.*

Contact the HUD Exchange Ask-A-Question if you need assistance at:

- <https://www.hudexchange.info/get-assistance/my-question/>.

New Project Application

Creating the Project Application Project

Project Applicants must create a project for the New Project Application in *e-snaps* on the "Projects" screen. Creating a project is an intermediate step. Organizations do NOT enter the Application from the "Projects" screen to complete the Application screens; instead, they access the application from the "Submissions" screen.

Once the Project Applicant "creates" the project, it will appear on this screen and the term "New Project Application" will appear under the "Funding Opportunity Name" column.

Terminology

"Creating a Project" means "giving the project application a name."

The screenshot shows the 'Front Office' interface with the 'Projects' screen. The 'Applicant' is set to 'City and County of San Francisco (155440829)'. The 'Project Status' is 'Open Projects' and the 'Funding Opportunity Name' is 'All Funding Opportunities'. A dropdown menu is open, showing 'New Project Application FY2021' selected. New Project Application

FY 2021 Project Application

This section identifies the steps for completing the New Project Application screens in *e-snaps*.

NOTE:

Some data may pre-populate from the Project Applicant Profile (i.e., e-snaps will bring it forward). Review the pre-populated data. If any information is incorrect, you must go back and correct it in the Project Applicant Profile.

If you are in the Project Application and you need to update the Project Applicant Profile do not use the "View Applicant Profile" link on the left menu bar. Instead:

- Select "Back to Submissions List." Select "Applicants" on the left menu bar, and select the orange folder next to the Applicant name.
- Ensure that the Applicant Profile is in "edit" mode.
- Make the appropriate corrections as needed, and select "Save" at the bottom of the screen after you make each revision.
- Once you have made all of the necessary corrections to your Project Applicant Profile, continue to the "Submission Summary" screen and select "Complete."
- When you return to the Project Application, the screen will show the corrected information.

If the corrected information does not populate the Project Application, do the following:

- Log out of e-snaps.
- Log back in and navigate to the screen in the Applicant Profile where information needs to be corrected. If the information is incorrect, correct it and Save. If the information is correct, then edit it to something that is incorrect, save it, then change it back, and save it.
- Navigate to the "Submission Summary" and select "Complete."
- Log out of e-snaps.
- Log in again. Navigate to your Project Application. The information should be updated.

Select "Save" at the bottom of the screen after you make each revision. Once you have made all of the necessary corrections to your Project Applicant Profile, proceed to the "Submission Summary" screen and select "Complete." When you return to the Project Application, the screen will show the corrected information.

Review the instructions in the [Submitting the Project Application](#) section in this guide.

New Project Application

Accessing the New Project Application

Access the New Project Application through the "Submissions" screen.

The screenshot shows the 'Front Office' interface. The left sidebar contains a menu with 'Submissions' highlighted. The main content area is titled 'Submissions' and shows a search filter for 'Applicant: City and County of San Francisco (155440829)'. Below this are filter options for 'Applicant Project Name', 'Date Submitted', 'Project Status', 'Submission Version', and 'Associate Type'. A 'Filter' button is present. The remainder of the funds will be used to "ramp up" the new project.

Note: If the new project is identified as a transition project, there is no option for it to be an expansion project.

100% Dedicated or DedicatedPLUS

A "100% Dedicated" project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A "DedicatedPLUS" project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

Preface to Part 5: Participant Screens

The upcoming pages contain instructions for the two “Project Participants” screens—one for “Households” and the other for “Subpopulations.”

NOTE: *Part 5 is applicable only to PH-PSH, PH-RRH, and Joint TH and PH-RRH Projects.*
If you selected "HMIS" or "SSO" as the component on screen 3A, you will not see the Part 5 screens as these screens do not apply to HMIS or SSO projects.

Before continuing to the instructions, please review the following notes, which provide information regarding gathering and entering data for these two populations.

NOTE: *(1) The data gathered on these “Project Participants” screens consists of the number of participants in the program when the program is at full capacity (at a single point in time, not over the course of a year or term of the grant).*
For a new project, you will not have historical data on persons served, so you will need to use estimates at the time of application. The data describes the number of households as well as the number of persons in households.

NOTE: *(2) Dark grey cells are not applicable and light grey cells will be totaled by e-snaps automatically.*

NOTE: *(3) For homeless assistance programs, chronic substance abuse, by itself, may constitute a disability.*

NOTE: *See also the Additional Guidelines for 5A. Project Participants – Households and 5B. Project Participants - Subpopulations subsection on the next page*

New Project Application

Additional Guidelines for 5A. Project Participants – Households and 5B. Project Participants - Subpopulations

This section provides some guidelines to clarify the way in which the fields on 5A. Project Participants – Households and 5B. Project Participants - Subpopulations work together. The example applies to the Household Type: Households with at least one adult and one child, which is the first fillable column on screen 5A and the first chart at the top of screen 5B.

These guidelines also apply to the other two Household Types—Adult Households without children and Households with Only Children.

Example:
Household Type: HHs with at least 1 adult and 1 child
Households = 10
Adults over age 24 = 16
Accompanied Children under age 18 = 12

The screenshot shows the '5A. Project Participants - Households' form. On the left is a sidebar with application details. The main area contains a 'Households Table' with the following data:

Number of Households	Households with at Least One Adult and One Child	Adult Households without Children	Households with Only Children	Total
	10			10
Characteristics	Persons in Households with at Least One Adult and One Child	Adult Persons in Households without Children	Persons in Households with Only Children	Total
Persons over age 24	16			16
Persons ages 18-24	0			0
Accompanied Children under age 18	12			12
Unaccompanied Children under age 18				0
Total Persons	28	0	0	28

A callout box points to the 'Total Persons' field, stating: "Total Persons" for this Household Type = 28.

New Project Application

The "Total Persons" field on screen 5A will not necessarily be the sum of the 10 column totals for the corresponding household type on screen 5B (see image below).

While the first three columns on screen 5B are mutually exclusive, people might be listed in more than one subpopulation category in the final seven columns of the chart. For example, a participant can only be either a non-CH veteran, a CH veteran, or a CH non-veteran, but a participant may be any one of these three and dually-diagnosed, fitting into more than one subpopulation. Therefore, an HIV positive and chronic substance abusing CH non-veteran could be included in one subpopulation from the first three columns and in both subpopulations in the final seven columns.

The total number of persons in a particular subpopulation column (e.g., non-CH veterans, chronic substance abuse, etc.) on screen 5B cannot exceed the total number entered in the "Total Persons" column on screen 5A.

Example from 5A previous page:
 Household Type: HHs with at least 1 adult and 1 child
 - Adults over age 24
 Columns 1, 2, 3, and 10 = 16
 Columns 4 - 9 = 18
 - Accompanied children under 18 = Columns 1 and 10 = 12 (children cannot be veterans)
 - "Total Persons" = Columns 1, 2, 3, and 10 = 28

For each row, columns 1, 2, 3, and 10 are mutually exclusive.

People counted in column 10 cannot be counted in columns 1-9.

5B. Project Participants - Subpopulations

Persons in Households with at Least One Adult and One Child

Characteristics	CH (Non-Veterans)	CH Veterans	Veterans (Non-CH)	Chronic Substance Abuse	HIV/AIDS	Severely Mentally Ill	DV	Physical Disability	Developmental Disability	Persons Not Represented by a Listed Subpopulation
Persons over age 24	10	2	3	4	2	2	2	2	2	2
Persons ages 18-23										
Children under age 18										
Total Persons	10	2	3	4	2	2	2	2	2	2

For row "Total Persons," columns 1, 2, 3, and 10 cannot exceed the "Total Persons" field on 5A for the corresponding Household type

Columns 4 – 9 are not mutually exclusive. People can be in more than one subpopulation. Total # for columns 4 - 9 may exceed "Total Person" field on 5A.

New Project Application

5A. Project Participants - Households

The following steps provide instructions on completing the "Project Participants – Households" screen for **Part 5: Participants and Outreach Information** to indicate the total number of households and number of persons by demographic served at maximum program capacity at a single point in time by household type.

Estimations:

For a new project, you will not have historical data on persons served, so you will need to use estimates at the time of application.

The data describes the number of households as well as the number of persons in households.

The following steps provide instructions on completing the “Project Participants – Subpopulations” screen for **Part 5: Participants and Outreach Information** to indicate the number of persons served at maximum program capacity at a single point in time, as well as the characteristics/disabilities, according to their respective household types.

Estimations:

For a new project, you will not have historical data on persons served, so you will need to use estimates at the time of application.

The data describes the number of households as well as the number of persons in households.

When filling out this table, applicants should think of it as follows:

- For each row, the first three columns that are in dark gray, along with column 10 "Persons not represented by listed subpopulations," are mutually exclusive (i.e., for each row, you cannot count the same person in more than one of these columns).
- Columns 4 through 9 are not mutually exclusive (i.e., in each row, you may include the same person in multiple columns if they have multiple characteristics). However, for each row, if you list a person in column 10, you cannot include the person in columns 4 through 9.

For each household type included on the previous screen, 5A, applicants must fill in at least one cell on the corresponding chart on for screen 5B. On the previous screen, the household types were displayed as columns; on 5B, the household types are shown in individual tables.

Preface to Part 6: Budget Information

The upcoming pages contain instructions for completing budgets for the New Project component types and activities. Before continuing to the instructions, please review the following information:

- **Reallocation.** If your new project is being created through the reallocation process, the budget should not exceed the amount allocated by the CoC from eligible renewal projects that were reduced or eliminated. If the budget does exceed the amount reallocated by the CoC as provided on the reallocation forms on the CoC Priority Listing, the budget will be reduced by HUD to match the amount specified by the CoC for reallocation.
- **Budget Detail screens.** New Project Applications have "Detail" project screens for each budget category: leased units; leased structures; rental assistance; supportive services; operating; and HMIS. (Renewal Project Applications now omit the "Detail" project screens for leased structures, supportive services, operating, and HMIS.)
- **Rental Assistance.** There is only one rental assistance screen to use for short/medium-term or long-term. The user will select which type of rental assistance is applicable to the project from the dropdown provided.
- **FMRs.** Project Applicants will apply for projects in the FY 2021 CoC Program Competition using the FY 2020 FMRs. To ensure consistency between the Grant Inventory Worksheet (GIW) and the FY 2021 application process, GIWs will also use FY 2020 FMRs. Project applications that are selected for a conditional award will be adjusted and awarded based on the FMRs that are in effect at time of the FY 2021 application submission deadline.

24 CFR 578.51(f) provides the following information regarding when updates to the FMR will be made for rental assistance projects, "The amount of rental assistance in each project will be calculated by multiplying the number and size of units proposed by the FMR of each unit on the date the application is submitted to HUD, by the term of the grant."

Project Applicants will need to complete the budget screens that appear on the left menu bar after completing the following:

- "Part 1 – SF-424
- "Part 3 - Project Information, 3A. Project Detail" screen
- "Part 6 – Budget Information, 6A. Funding Request" screen

Throughout the *e-snaps* budget screens, there are gray-shaded cells in which you will not be able to enter or revise data. These cells are typically "Totals" with amounts that are automatically calculated within *e-snaps* when you select the "Save" button. There are a handful of places where the gray-shaded cells contain other information (e.g., "Numbers of Months"), but the information is always populated by *e-snaps*. You must fill in or revise the data in the white cells, except in certain situations (e.g., you would fill in a white cell for "Other" only if it is applicable).

New Project Application

Part 6: Budget Information

In *e-snaps*, the budget screens that appear for **Part 6: Budget Information** in the left menu bar of the Project Application are determined by all of the following:

- Whether your project is a new, renewal or YHPD project, as reflected on screen **1A. Application Type**.
- The component type selected on screen **3A. Project Detail**.
 - If you have a Permanent Housing (PH) project, the budget screens you will be eligible to complete are also dependent upon how you respond to questions on screen 3B. Project Description. Specifically, Project Applicants must indicate whether they are a PSH or RRH project.
- Your selections on the **6A. Funding Request** screen. Project Applicants must carefully choose the correct funding request as you will only see the budget screen(s) chosen.

Below is a table that shows the eligible activities for New Projects by Component Type.

NOTE:

Project Applicants may NOT have any of the following combinations in a single structure or housing unit, although some of these budgets may be combined in a single Project Application because the funding is not used in the same structure or unit, such as in a Joint TH and PH-RRH Project:

- *Acquisition and/or rehabilitation with new construction*
- *Leasing with acquisition, rehabilitation, or new construction*
- *Rental assistance with acquisition, rehabilitation, or new construction*
- *Leasing and rental assistance*

6C. Leased Units Budget

Project Applicants must complete the "Leased Units Budget" screen and relevant detail screens if the Project Applicant is applying for leased units funds, and **the recipient has entered or is entering into leases directly with the property owner** for units to house program participants. If the lease will be between the landowner and the participant, the project applicant must complete the rental assistance budget, not the leased units budget.

The following steps provide instruction on completing the "Leased Units Budget" screen.

The screenshot shows the '6C. Leased Units' screen in the e.Forms system. On the left is a sidebar with user information (jdoe-02) and application details (New Project Application FY2021, Applicant Name: City and County of San Francisco, Applicant Number: 155440829, Project Name: New Project Application Test FY2021, Project Number: 137110). The main content area displays a summary of funds requested for leased units. It includes a message explaining that the list summarizes funds and provides instructions on using the 'Add' icon to add information and the 'Edit' icon to update information. Below the message are four input fields for 'Total Annual Assistance Requested:', 'Grant Term:', 'Total Request for Grant Term:', and 'Total Units:'. A red error message states: 'Total Assistance Requested Amount has to be greater than \$0.' A table header is visible with columns: 'Delete', 'View', 'FMR Area', 'Total Units Requested', 'Total Annual Assistance Requested', and 'Total Budget Requested'. The table body contains the text 'This list contains no items'. At the bottom of the table are 'Back' and 'Next' buttons. A callout box points to the 'Add' icon above the 'All' link in the table header.

Steps

1. To add information to this list, select the "Add" icon  above the word "All" at the left side of the alphabetic listing to open the "Leased Units Budget Detail" screen.
2. The "Leased Units Budget Detail" screen will appear.

FMR

The Budget Detail screens use the FY 2020 FMRs.

To ensure consistency between the GIW and the FY 2021 application process, GIWs also used FY 2020 FMRs.

Project applications that are selected for a conditional award will be adjusted and awarded based on the FMRs that are in effect at time of the FY 2021 application submission deadline (i.e., the FY 2020 FMRs).

The following screenshot is for the New Project Application "Summary Budget" screen.

The following information summarizes the funding request for the total term of the project. However, administrative costs can be entered in 8. Admin field below.

7A. Attachments

Depending on the Applicant, the "Attachment" screen has three potential items:

- Subrecipient Nonprofit Documentation. On the "Project Subrecipients" screen, if the subrecipient is a nonprofit (i.e., either "M" or "N" was selected from the "Organization Type" dropdown menu,), then proof of subrecipient's nonprofit status is required.
- Other Attachment(s). Attach any additional information supporting the project funding request. Use a zip file to attach multiple documents.
 - Consolidated Plan Certification. For Project Applicants that selected "No CoC" on Screen 3A, and are thus applying as Solo Applicants, a form HUD-2991 must be obtained and signed by the certifying official for the applicable jurisdiction, indicating that the proposed project will be consistent with the Consolidated Plan. If the Solo Applicant is a state or unit of local government, the jurisdiction must certify that it is following its HUD-approved Consolidated Plan.

8B. Submission Summary

Once the required information has been entered and the required attachments have been uploaded, the Project Applicant needs to select the "Submit" button on the "Submission Summary" screen.

The "Submission Summary" screen shows the Project Application screens. In the "Last Updated" column, the system will identify the following:

- A date if the screen is complete
- "No Input Required" if there is no input required
- "Please Complete" if more information is needed

Users can go back to any screen by clicking on the screen name on the left menu or on the screen name in the Submissions list itself. Remember to select "Save" after making any changes.

NOTE:

The "No Input Required" status on the Submission Summary indicates that additional information for that screen is not required for the Project Applicant to continue to the next step in e-snaps.

In the context of this navigational guide, the Project Applicant may continue to the next steps in the Project Application process.

HUD, however, may require you to address the particular item prior to entering into a grant agreement if conditionally awarded.

The "Submit" button is located at the bottom of the screen under the navigation buttons. The "Submit" button will be active if all parts of the Project Application are complete (and have a date) or state "No Input Required."

After submitting the Project Application, Project Applicants should notify the Collaborative Applicant. Notification is recommended to provide a heads-up to the Collaborative Applicant that the application is ready for their review and ranking.

The following image shows the Project Application "Submission Summary" screen with items that still need to be completed. Note that the "Submit" button is gray-shaded, and you cannot select it.

The following action steps must be taken by the Collaborative Applicant and Project Applicant.
