

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2023 CoC Program Competition NOFO.

The target populations to be served are 18 single and 4 parenting young adults 18-24 years old. Eighty percent of participants will come directly from shelters and ten percent from the streets or other places not meant for human habitation. The project will use a Housing First approach as evidenced by having no barriers to program entry, programming that is not contingent on participation in services, and rehousing participants in the event of eviction while in the program. Each household will be assessed by a case manager upon entry into the program to determine their housing and supportive service needs. TL will be offered to young adults with multiple barriers to securing their own lease agreement. Rapid Rehousing will be offered to youth who are likely to lease-up on their own. The project will incorporate client choice by helping young adults find permanent housing based on their unique strengths, needs, preferences, and financial resources. Young adults will choose when they are ready to exit TL and move into rapid rehousing with assistance from the case manager. Hebron will offer supportive services that address the identified needs of the target populations. These services include moving assistance, case management, housing search/counseling, life skills training, mental health services, outreach, food, and transportation. Non-partner agencies will provide childcare, education services, employment assistance/job training, legal aid, outpatient health services, recreation, substance abuse treatment, and utility deposits as needed. The project outcomes include: Move 75% of young adults quickly into permanent housing. Maintain or increase 58% of young adults' earned income. Accommodate 100% of young adults with their needs, including household configuration, service needs, or pets. Connect 100% of young adults to valuable community resources, such as education, healthcare, and employment. The WOW region of local coalitions has been convening for more than two decades. Each coalition brings together service providers to address homelessness in their communities. This collaboration allows the region to access a variety of funding sources including HUD COC funds, Wisconsin Balance of State Continuum of Care funds, DEHCR EHH and SSSG funds, United Way of Greater Milwaukee and Waukesha, and United Way of Washington County. Rental Assistance funding will be used to lease 7 units of scattered-site Transitional Housing units and 13 units of scattered-site Rapid Rehousing units at any point in time. Supportive services funding will be used to support a 1.25 FTE case manager focused on developing skills to stabilize housing and income, a .25 FTE Housing specialist to assist with housing solutions and a .50 life skills coordinator. Transportation, household cleaning supplies, and other household startup expenses will be funded.

1a. Provide a description that addresses how this project will follow Positive Youth Development.

Positive youth development encompasses a prosocial approach that encourages youth to engage with their community, peers, schools, etc. This will enhance their strengths which will, in turn, provide them with additional opportunities to reach their full potential. This specific project will specifically incorporate positive youth development by engaging youth in services that will address their immediate needs to overcome housing stability. This will be done by connecting them with appropriate resources within the community, and also effective and supportive case management to provide positive support and guidance to assist youth towards their full potential.

1b. Provide a description that addresses how this project will follow Trauma Informed Care.

Trauma-informed care is an approach guided by an understanding and knowledge of trauma that aims at providing an environment that is understanding and supportive to those receiving services. This is a pivotal portion of this project, as we understand that many of the youth reaching out for services may have experiences with trauma throughout their lives. By implementing a TIC approach to services, we aspire to provide an environment where youth feel safe and comfortable in accepting help as they navigate housing services.

1c. How does this project help the community meet the shared vision, goals and objectives of the coordinated community plan?

This project will help the community meet the shared vision, goals, and objectives of the WOW Region’s coordinated community plan by fulfilling many objectives listed in the CCP, including Goal 1 Object 1.3, which states YYA will have access to innovative housing strategies that include Transitional Living and Rapid Rehousing programs. The action steps include the development of a Transitional Living/ Rapid Rehousing Program.

5. Effectively serving youth populations:

5a. Describe the racial composition of the persons or households who are expected to benefit from your proposed grant activities, including a description of how you analysed the local population to determine this.

The racial composition of the persons or households are 54% White. 35% Black, African-American, or African. 3.5% Asian or Asian-American. 3.5% American Indian, Alaskan Native, or Indigenous. This was analyzed by reviewing HMIS data for the agency's initial YHDP grant period.

5b. Identify any potential barriers to persons or communities of color equitably benefiting from your proposed grant activities.

Barriers include systemic biases that affect persons of color through fair and affordable housing. This included violation of Fair Housing laws. Other barriers include lack of affordable/low income housing in the community.

5c. Detail the steps you will take to prevent, reduce or eliminate these barriers.

Staff will advocate for program participants to ensure they are knowledgeable and aware of existing housing laws. If fair housing laws are being violated, staff will assist in navigating resources to file complaint with the Department of Housing and Urban Development.

5d. Describe the measures in place to track progress and evaluate the effectiveness of efforts to advance racial equity through the grant activities.

The agency, together with the Housing Action Coalition, is working on a framework that will measure and improve key indicators of a racially equitable homeless response system. Four key areas to track the progress include equitable system decision-making power, lived experience, quality data, and system outcomes.

Youth Homeless Demonstration Projects

1. Does this project carry out housing problem solving activities to divert or rapidly exit households from homelessness? Yes

1a. Describe the intervention strategy to engage families and how community partnerships such as child welfare agencies, schools, youth providers, and other community service and homeless providers are incorporated into the intervention strategy?

The WOW Region is working on improving the relationships with third-party community partners such as: Be great: graduate which is a program run by the Boys and Girls Club in Washington County schools that keeps youth on track to graduate high school. Club members that are at risk of dropping out of school receive help to develop the academic, behavioral, and social skills needed to be successful. This program has a 92% success rate and serves up to 200 teens yearly with individualized support. Being a part of this program motivates the youth to engage in further education. The WOW Region will work with the school district homeless liaisons connected to youth enrolled in school and identified as homeless. The WOW Region CCP details possible interventions such as school assemblies that will spread awareness of youth support systems to school districts. Engaging in relationships with school resource officers will also allow youth to feel comfortable seeking support from officers they would otherwise avoid. The WOW Region will work to improve the relationships with third-party county and community support systems such as but not limited to; child welfare agencies, schools, and youth providers. Domestic violence and sexual assault agencies have representatives that sit on the WOW Region YAB to provide their expertise and services to youth that are in need. We will continue to strengthen those relationships as the programs develop.

 - o system performance measures of youth served
 - o Feedback from youth served
 - o Number of youth served
 - o Demographic reports
 - o Significant changes
 - o Changes that require votes

2. How will the project allow youth the ability to choose the providers and interventions that fit their needs?

Through intensive case management, youth will be able to actively choose their interventions and services. Case Managers will be trained efficiently in addressing youth issues and understand available resources for them. The youth will be provided services that will focus on stabilizing and assisting the youth with long-term care. Case Managers will be able to provide the youth with a menu of services that youth will be able to flourish from. The menu of services includes employment, education, and physical and mental health resources. If the youth feels strongly about specific services from an agency, their case manager will make the appropriate referral. If a youth has stated they are not interested in working with an agency, the case manager will connect them with other resources. Case managers will continue to work with the youth when permanent housing is established until the youth is able to stabilize.

3. How will the project respond to the different needs for service type, intensity, and length of supports for youth?

The project will provide intensive case management. Case Managers will be trained to work with youth and identify youth issues. Case Managers will complete an assessment with the youth that will provide them an understanding of the youth’s service needs and the length of service needed. Through an action plan, the case manager will create with the youth, they will identify goals and steps to be taken to establish permanent housing. The youth and case manager will meet periodically to make progress towards their goals. Case managers will continue to re-assess the youth’s action plan.

6F. Operating

Instructions:

Enter the quantity and total budget request for each operating cost. The request entered should be equivalent to the cost of one year of the relevant operations activity.

Eligible Costs: The system populates a list of eligible operating costs for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.55.

Quantity AND Detail: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. .75 FTE hours and benefits for staff, utility types, monthly allowance for supplies) for each operating cost for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and restricts understanding of what is being requested. Failure to enter adequate "Quantity AND Detail" may result in conditions being placed on the award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to operating the housing or supportive services facility.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

Total Request for Grant Term: This field is automatically calculated based on the total amount requested for each eligible cost multiplied by the grant term.

All total fields will be calculated once the required field has been completed and saved.

VAWA Budget

VAWA Budget

New in FY2023, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:

- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project’s Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.
