Go Back to go Forward

Explore when, where, how and why the human category called "white people" was first used in law. The history exposes race as a construct and reveals a mindset that is foundational to the United States shaping every institution and workplace.

This presentation helps ground people in facts, dramatically diminishes defensiveness and advances shared understanding of the roots of racial bias.

October 19th, 2022 10:00AM - 11:30AM - Virtual

Whiteness Competency

This training dismantles structures that produced race-based implicit bias and assists the individual awareness of one's investment in whiteness and a commitment to addressing racial bias.

Member \$30/person per session
Group ticket discounts will be available
