2. Since no combined version will be submitted for either the YHDP Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

For YHDP projects, the Stand-Alone Renewal will be submitted through the YHDP Renewal Application. The Stand-Alone New will be submitted through the YHDP Reallocation Application. YHDP Reallocations can ONLY expand upon YHDP Renewals.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

### 3B. Project Description

**1. Provide a description of the project. This MUST include the following: Entire scope, who the project will serve, activities offered and staffing.**

This Project will serve 12 households at any point in time. The target populations to be served are 9 households without children and 3 households with children 18-24 years old. Ninety-five percent of participants will come directly from shelters and five percent from the streets or other places not meant for human habitation.

The project will use a Housing First approach as evidenced by having no barriers to program entry, with housing that is not contingent on participation in services and will rehouse participants in the event of an eviction while in the program. The project will not have any service participation requirements beyond what is typically included in a lease agreement.

To address housing needs and ensure participants have choice in housing selection, we maintain our established relationships with landlords to ensure that units are available.

Other direct services provided by KHDS that address the identified needs of the target populations served are moving assistance, case management, housing search/counseling, life skills training, mental health services, outreach, food, and transportation. Non-partner agencies provide childcare, education services, employment assistance/job training, legal aid, outpatient health services, recreation, substance abuse treatment and utility deposits as needed.

The program projects that seventy-five percent of participants exiting the program will achieve housing stability, fifty-four percent of participants will maintain or increase earned income, and fifty-four percent of people will increase or maintain total income. One hundred percent of participants will make permanent connections.

Our Local CoC, The Emergency Services Network (ESN) of Kenosha County has met since 1986 as a community effort to coordinate services, share information, attract funding, and eliminate duplication/service gaps for individuals and families experiencing poverty and homelessness. The ESN has 35 member organizations represented from federal, state, city, and nonprofit entities. Our agency facilitates the local CoC Coordinated Entry System Case Conferencing that meets twice a month to review program capacity, referrals, system functioning and improvements.

Funding will be used to lease 12 units of scattered-site RRH units with 15 beds at any point in time. Supportive services include 1 FTE case manager focused on teaching needed skills to stabilize housing and income .1 FTE program manager to oversee program day-to-day operations, monthly food stipend, and transportation to appointments as needed. Housing/Counseling will pay for application fees. HMIS funding will provide equipment for data entry and user licenses. Operating dollars will be used to pay for utilities when not included in rent.

**1a. Specify how this project will incorporate the principles of Positive Youth Development?**

KHDS has a long history of using a positive youth development (PYD) approach that fits within the Family and Youth services PYD framework as outlined in Positive Youth Development: Engaging Youth in Program Development, Design, Implementation, and Service Delivery. The idea that youth become fully prepared and constructively engaged in their communities through a holistic approach that supports the achievement of appropriate developmental milestones and positive interactions with people and their environment is inherent in our agency.

KHDS has a long history of using a positive youth development (PYD) approach that fits within the Family and Youth services PYD framework as outlined in Positive Youth Development: Engaging Youth in Program Development, Design, Implementation, and Service Delivery. The idea that youth become fully prepared and constructively engaged in their communities through a holistic approach that supports the achievement of appropriate developmental milestones and positive interactions with people and their environment is inherent in our agency.

In order to end homelessness, youth need opportunities to:  
Feel a sense of belonging within a safe environment.  
Increase independence.  
Develop mastery in their skills and abilities.  
Learn about generosity.

We will shape the program approach to ensure that interactions take place and are aligned with the PYD objectives and framework. The following interactions will promote a sense of belonging, mastery, independence, and generosity.

**Interactions**

- 1.Youth engage in positive relationships, inclusive programming and have a safe environment.
- 2.Youth develop individual knowledge, skills, and abilities while building relationships.
- 3.Youth participate in something larger than themselves and/or program.
- 4.Youth engage in opportunities to make choices that can alter the outcome of events and circumstances.

**1b. Specify how this project will incorporate the principles of Trauma Informed Care?**

KHDS has a long-standing philosophy of care. We have always provided encouragement for youth with a great respect for their individual experience. We use a trauma informed, individual approach to service delivery which is based on four main assumptions that form our philosophy of care. First, we know that all youth need a sense of belonging. We help create a sense of belonging by providing youth with opportunities to contribute to the program in a group setting and individually and show them appreciation for their contributions. We offer youth opportunities to make decisions and for self-government. We work hard to increase their sense of fairness. Second, we understand that youth are a part of a family system that is more powerful and influential than our program. That understanding motivates us to learn about family history, the role youth play in their family and how their family resolves conflict in interpersonal relationships. Learning about youth family dynamics helps us understand their trauma history and cultural norms. A clear understanding of the family system, helps to tailor our interventions to best meet the needs of youth and build protective factors. Third, we believe that all youth come to us with a basic set of survival skills that are not necessarily the skills needed to be successful. We employ the concepts of the Teaching Family Model to teach social, educational, employment, interpersonal and maintenance skills that promote safety, well-being, self-sufficiency, and permanent connections to adults. We also teach youth rational problem-solving techniques when faced with difficult situations. Fourth, we know that youth are at varying stages of development, so it is important that we identify what stages have been successfully passed and what skills are still needed to continue advancing through the developmental stages. We understand behaviors through Erikson's Stages of Development and how a youth's experiences influence social development and world view.

**1c. How does this project help the community meet the shared vision, goals and objectives of the coordinated community plan?**

The project provides housing and services that are essential for Kenosha to meet the shared vision, goals and objectives in terms of resources, stable housing, permanent connections education/employment and social/emotional well-being. In addition, the project works in concert with the YHDP System Navigator to recruit young adults in the program to participate in the Youth Advisory Board (YAB). The leadership from YAB members plays an integral role in helping the project achieve the goals and objectives set forth in the Coordinated Community Plan.

## 6G. HMIS Budget

**Instructions:**

Enter the quantity and total budget request for each HMIS cost. The request entered should be equivalent to the cost of one year of the relevant HMIS activity. The system populates a list of eligible costs associated with the implementation of an HMIS and for which CoC funds can be requested.

**Quantity Detail:** This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (eg. .75 FTE hours and benefits for staff, utility types, monthly allowance for food and supplies) for each HMIS cost for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and restricts understanding of what is being requested. # VAWA Budget

## VAWA Budget

In FY20234, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

- A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:
- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
  - Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
  - Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
  - Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
  - Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
  - Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
  - Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
  - Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.
- B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:
- Monitoring and evaluating compliance.
  - Developing and implementing strategies for corrective actions and remedies to ensure compliance.
  - Program evaluation of confidentiality policies, practices, and procedures.
  - Training on compliance with VAWA confidentiality requirements.
  - Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
  - Costs for establishing methodology to protect survivor information.
  - Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project’s Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

## 6I. Summary Budget

The following information summarizes the funding request for the total term of the project. Budget amounts from the Leased Units, Rental Assistance, and Match screens have been automatically imported and cannot be edited. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2017 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2017, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

Dear Ms Poser,

On behalf of myself as a member of the local Youth Advisory Board, please accept this letter of support for the KHDS Project YELLOW Door program in the FY24 HUD CoC Competition.

As a young adult who has an interest in ending youth homelessness, I understand the importance of having resources and housing opportunities available for young adults. I also believe that having a young adult voice at the table is very important. KHDS's Project YELLOW Door Rapid Rehousing program is a wonderful resource because it has provided permanent housing opportunities to young adults in our community.

I believe that the KHDS Project YELLOW Door program is essential in the effort to end youth homelessness in Kenosha County.

Sincerely,

Monique Thomas
