

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/> - Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2018 Continuum of Care (CoC) Program Competition. For more information see FY 2018 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2018 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2017 Project Application will be imported into the FY 2018 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2018 CoC Program Competition NOFA.

Information About Submission without Changes

After Part 1 is completed; including this screen, Recipient Performance screen, and Renewal Grant Consolidation screen, then Parts 2-6, are available for review as "Read-Only;" except for 3A, 7A and 7B which are mandatory for all projects to update. After project applicants finish reviewing all screens, they will be guided to a "Submissions without Changes" Screen. At this screen, if applicants decide no edits or updates are required to any screens other than the mandatory questions, they can submit without changes. However, if changes to the application are required, e-snaps allows applicants to open individual screens for editing, rather than the entire application. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Importantly, once an applicant makes those selections and clicks "Save" the applicant cannot uncheck those boxes.

If the project is a first-time renewal or selects "Fully Consolidated" on the Renewal Grants Consolidation screen, the "Submit Without Changes" function is not available, and applicants must input data into the application for all required fields relevant to the component type.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? Yes

Explain the circumstances that led HUD to recapture funds from the most recently expired grant term related to this renewal project request.

There were a few reasons that the funds were not all spent: In calculating paying the full FMR on each unit for the entire duration of the grant term, this does not take into account the 30% of participant income that is paid toward rent. This was a lesson learned to the project in its 2nd year of operation. As a result, the program in its 3rd year kept a close eye on the amount of Rental Assistance dollars being used and when it was clear that fewer dollars were being spent than originally projected, the project enrolled additional households. Additionally, due to staff turnover the project was short-staffed for approximately 6 months, resulting in the inability to enroll additional households in the program. In addition, during the current project cycle, staff made it a priority to fill all available slots in CoC RRH. With less than 1 month remaining in our current grant year, we are projected to spend over 90% of our allocation. We also made changes to the available supportive services and selected those that we felt would be most useful to our clients.

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2018 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2019, as confirmed on the FY 2018 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

- 1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2018 CoC Program Competition?** No
If “No” click on “Next” or “Save & Next” below to move to the next screen.

2A. Project Subrecipients

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Lakeshore CAP will provide a Housing First program that presents low barriers to entry. This program will be a scattered site program, matching households with housing according to the preference and size of the family unit, the requirements stated by HUD in the NOFA, and the Coordinated Entry Policies of the BOSCOG.

Project participants will enter through referral to Coordinated Entry. These referrals come primarily from Emergency shelters. In the process, the clients are assessed and scored as to vulnerability. Once participant preference and needs are determined and scored, participants enter into the program as slots become available. A housing plan will be developed with a LCAP case manager. With the assistance of a LCAP case manager the clients will develop a plan for independent housing, set a schedule of future meetings, and develop a referral list utilizing partner and LCAP programming to remove or resolve the barriers to permanent housing. This will take the form of a series of discussions to develop a mutually agreed upon series of goals.

The community partners involved will be the Economic Support Unit of Manitowoc County to coordinate mainstream benefits. Household Finance and Budgeting will be covered through a partnership with Catholic Charities. Additionally, shelter services are provided through Hope House, The Haven of Manitowoc, the Salvation Army in Sheboygan, InCourage and Safe Harbor. Case Management staff will assist the household to create a plan for sustainable housing. Based on the progress of the plan, a shift to permanent housing can be accomplished. Participants can be maintained within the program for up to two years. As capabilities build and community engagement occurs, the clients will be assisted in creating an exit plan.

We plan for 8 successful entries into permanent housing, or 80% of project households. We plan to show increased income for 25% of program households and 60% will maintain mainstream benefits.

Continuum of Care Assistance is needed to provide the necessary support to connect these households with community resources while eliminating the barrier of housing insecurity. With up to 24 months of rental assistance, and coordination of resources through case management, these participants can achieve housing independence.

Describe the unlisted subpopulations referred to above:

Unlisted sub-populations include adults who are literally homeless sleeping on the streets or in shelters who meet the HEARTH definition of homelessness, been determined eligible for the program and been accepted into the program

because they are at the top of the Coordinated Entry list. Some of these adults may have unidentified barriers at time of entry into the program. But through case management, they come to realize some of their barriers and set goals around them in their secure housing plans.

Children who are in the unlisted sub-populations category are those who reside with their parent/guardian who is currently in shelter or on the streets and falls into the unlisted sub-populations category themselves.

RE: EXEMPT STATUS
EIN: 39-1214392

This is in response to the letter, dated May 17, 1996, regarding your status as an organization exempt from Federal income tax.

Our records indicate that a ruling letter was issued in June 1973, granting your organization an exemption from Federal income tax under the provisions of Section 501(c)(3) of the Internal Revenue Code of 1954. Our records also indicate that your organization is not a private foundation but one that is described in Section 509(a)(1) & 170(b)(1)(A)(vi) of the Internal Revenue Code.

Contributions made to you are deductible by donors in computing their taxable income in the manner and to the extent provided in Section 170 of the Internal Revenue Code.

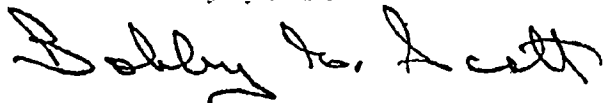

If your gross receipts each year are normally \$25,000 or more, you are required to file Form 990, Return of Organizations Exempt from Income tax by the fifteenth day of the fifth month after the end of your annual accounting period.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under Section 511 of the Code. If you are subject to this tax, you must file an income tax return on F-990-T.

If any question arises with respect to your status for Federal income tax purposes, you may use this letter as evidence of your exemption.

This is an advisory letter.

Sincerely yours.
