

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2022 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2022 Continuum of Care (CoC) Program Competition. For more information see FY 2022 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2022 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2021 Project Application will be imported into the FY 2022 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2022 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2022 renewal project application. The “Submit without Changes” process is not applicable for:

- first time renewing project applications
- a project application that did not import last FY 2021 information
- a project that had Issues or Conditions that were addressed in FY 2021 Post-Award and updates need to be reflected in the FY 2022 project application
- a project that had amendments approved in FY 2020 or FY 2021 that need to be reflected in the FY 2022 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2021 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2022 CoC Competition.

- 2. CoC Number and Name:** WI-500 - Wisconsin Balance of State CoC

- 7. Is your organization, or subrecipient, a victim service provider defined in 24 CFR 578.3?** No
- 8. Does this project include Replacement Reserves as a CoC Operating Cost?** Yes
(Attachment Requirement)

Your project has a replacement reserve amount in the budget. In order to move to grant agreement, the repayment schedule, the total amount to be placed in reserve over the grant term and the scheduled payment amount, and the system or systems to be replaced and the useful life/lives of the system(s) must be attached in esnaps, and must be approved by HUD.

FAQ: Scheduled payments to a reserve fund for the repair of major building systems are an eligible cost for recipients of transitional or permanent supportive housing projects where the recipient or subrecipient owns or operates the building(s). The repayment schedule, the total amount to be placed in reserve over the grant term and the scheduled payment amount, the system or systems to be replaced and the useful life/lives of the system(s) must be included as an attachment, submitted as part of your project application and must be approved by HUD. The HUD-approved amount is the limit on how much of your grant funds can be put in reserve. The total amount to be deposited in the reserve and the scheduled payments must be based on the remaining useful life of the system the recipient that will be replaced and the expected replacement cost of that system, reduced by the interest income expected to be earned on the reserve account before the end of the useful life of the system (taking into account expected future deposits and cash disbursements).

Recipients must draw down these funds from LOCCS in accordance with the HUD-approved repayment schedule included in the application. Payments must be scheduled no less frequently than quarterly, as required by 24 CFR 578.85(c)(3). A recipient must maintain separate accounting records for the reserve (e.g., an accounting “fund”) that will segregate the accounting for deposit of grant funds and expenditure of amounts held in the reserve for replacement of the asset). When the major system for which the reserve was created must be replaced (e.g., the HVAC system), the recipient may use funds in the reserve account to pay for the replacement without prior approval from HUD, but must maintain documentation to support the expenditure of funds and the replacement of the system.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Newcap is a member of the WIBOSCOG which identified Brown County as being the community with the highest chronic homeless population in the balance of state in 2015. Newcap was awarded an award to purchase a duplex in Brown County. The initial project started in 2017. This duplex houses two chronically homeless families with many needs that have multiple barriers and needs to housing. These needs are: parenting classes budgeting food preparation housekeeping furthering education child care assistance & life skills. Referrals will be made to the agencies which provide these services in Brown County, some which are non-homeless providers such as mental health services, Brown County Human Services, UW Extension, Salvation Army, W-2 provider, etc. Newcap hired a .25 FTE Case Manager. This project identifies potential families using the Coordinated Entry system. The project is operated using Housing First model. Newcap projected outcomes are that all 2 families will stay in stable housing for at least one year & 65% of the families will increase their household income. Newcap case manager are all SOAR certified so they can work with each family to increase non-employment case benefits. Newcap is a partner member of the Brown County Homeless & Housing Coalition which is made of housing/service providers. This program is supported by the CoC because of Brown County's high homeless population & without this funding the program would not possible. The CoC funding will be used for housing location services, leasing, utilities that are not included in the rent, wage/fringe for staff, bus passes, life skills, purchasing furniture for apartments, repairs/maintenance, and administration of the grant.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

These funds are drawn from LOCCS on a monthly basis and placed into a separate account for the replacement of major building systems or systems. These are two furnaces that need to be replaced in 2023 as well as other repairs, like painting (inside and out) that will also need to be completed. The life expectancy of the new furnaces will be about 10 years. Interest accrued on account thus far is \$17.22.
