

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year’s FY 2018 information, e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Fully Consolidated” on the Grant Consolidation screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. However, if the applicant selects “Individual Renewal”, this project application(s) can use the “Submit Without Changes” process. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Expansion Screen, this project application is for a “Combined Renewal Expansion” project application. However, the stand-alone renewal expansion project application(s) can use the “Submit Without Changes” process.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? No

Explain why the APR for the most recently expired grant term related to this renewal project request has not been submitted.

This is a first year grant and a grant term has not expired yet. The grant term ends 8/31/2019.

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen. No

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

- 1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition?** No
If "No" click on "Next" or "Save & Next" below to move to the next screen.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This project is administered in Brown County. Newcap is assisting 20 youth ages 18-24 with housing assistance for up to 24 months. These youth come off the top of the prioritization list to ensure the most vulnerable populations with the most barriers are served. Newcap subcontract with Family Services to provide the intensive case management and independent living skills. Newcap's Housing Case Manager provides housing identification, rent and move-in assistance, and case management services. The Housing Case Manager works with Family Services case manager to ensure that the youth receives all the services they need to succeed. These youth are at or below 30% of CMI at entry into the program. The project operates using a Housing First model. A strengths focused assessment issued to identify barriers that have kept these individuals/families from obtaining or maintaining housing in the past. Family Services Case Managers works with youth to try to eliminate these barriers so program participants can maintain housing in this program. Case Managers use the assessment to identify goals and objectives for each individual to work toward so income can be increased and possibly self-sustainability achieved. Case Managers make appropriate referrals to other agency service providers to assist program participants to further access resources that are available in the community. Case Managers transport individuals to appointments, if necessary, or bus passes will be issued, whichever works best for the participant. The program participant holds the lease on the unit and pay 30% of the total household income to the landlord monthly. Households with 0 income work toward paying 30% of the household income. If the household has 0 income, nothing will be required to be paid each month. Brown County has the highest homeless youth population in the BOS so this CoC funding is needed to decrease those numbers. This project coordinated with other youth providers in Brown County, i.e., Brown County Human Services, RHY, House of Hope, Independent Living Case Managers, the foster care system, etc.

RE: Match \$23,000

August 19, 2019

To Whom It May Concern:

Family Services will be using furniture donations from area providers to provide household supplies such as couches, chairs, end tables, kitchen tables, dressers, etc to the youth enrolled in the Newcap/Family Services Rapid Re-Housing Grant. These donations will be separate from the furniture used as Family Services match for their RR Program. This match will be tracked in each participant file for review.

We estimate at a minimum each youth will receive \$1,000 in furnishings for their units.

20 youth X \$1,000 (one time furnishings) = \$20,000

In addition, Family Services will provide in-house service matching for any youth dually enrolled in rapid re-housing and another Family Services Program. Family Services will track this and provide Newcap with a report at the end of each year. We estimate at a minimum this will be roughly \$3,000 per year.

Sincerely,

Meika Burnikel
