

## Before Starting the Project Application

**To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.**

Things to Remember:

- Additional training resources can be found on the HUD.gov at [https://www.hud.gov/program\\_offices/comm\\_planning/coc](https://www.hud.gov/program_offices/comm_planning/coc).
- Questions regarding the FY 2024 CoC Program Competition process must be submitted to [CoCNOFO@hud.gov](mailto:CoCNOFO@hud.gov).
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to [e-snaps@hud.gov](mailto:e-snaps@hud.gov).
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2024 Continuum of Care (CoC) Program Competition. For more information see FY 2024 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2024 CoC Program NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website [https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition). The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2023 Project Application will be imported into the FY 2024 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2024 CoC Program Competition NOFO.

## Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2024 renewal project application. The “Submit without Changes” process is not applicable for first time renewing project applications or for a project application that did not import FY 2023 information and e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Yes - Individual Application in a Renewal Grant Consolidation” on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a “Yes - Stand-Alone Renewal Application in a New Grant Expansion” project application.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6A. Funding Request
- Screen 6D. Sources of Match
- Screen 6E. Summary Budget - All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2023 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and e-snaps navigation guides found on HUD.gov to find more in depth information about applying under the FY 2024 CoC Competition.

## Recipient Performance

1. Did you submit your previous year's Annual Performance Report (APR) on time? Yes
  
2. Do you have any unresolved HUD Monitoring or OIG Audit finding(s) concerning any previous grant term related to this renewal project request? No
  
3. Do you draw funds quarterly for your current renewal project? Yes
  
4. Have any funds remained available for recapture by HUD for the most recently expired grant term related to this renewal project request? Yes
  
- 4a. If HUD recaptured funds provide an explanation.

West CAP was not able to spend down our available funding for this program in large part due to staff turnover and lack of affordable housing units. West CAP saw a significant turnover in staff back in 2021 and this trend has continued into 2024. We hired one round of staff to fill vacancies and then lost them due to other agencies (mainly county Case Management positions) being able to pay more in salary than West CAP can as a non-profit. This staff turnover resulted in 1,400 less payroll hours this FYE2024 compared to previous.

The staff turnover affected our rental assistance as we did not have full staff capacity to pull and serve additional clients from coordinated entry. Our low spending in rental assistance is also due to the extremely limited rental units available in our area that are below FMR. The housing search has been and continues to be extremely challenging to serve hard to house individuals. According to the National Low Income Housing Coalition's 2024 Gap Report, Wisconsin only has 34 affordable and available units per 100 Households at or below extremely low income, and just 80 units are affordable and available per 100 households at 50% Area Median Income. The headquarters of our Homeless Intervention program and case management is in Menomonie, WI. Dunn County and our western counties that border MN are finding housing to be especially challenging given their proximity to the Twin Cities and the effects of a long-standing trend in rising rents. Both St. Croix and Pierce counties fall within the Minneapolis-St. Paul-Bloomington, MN-WI HUD Metro FMR Area and have the highest FMRs in the state. The current FMR for a one-bedroom in this area is \$1,327, two-bedroom is \$1,622, and three-bedroom is \$2,188. Looking at the 2023 Out of Reach report by the National Low Income Housing Coalition, a Wisconsin worker living in St. Croix or Pierce counties would need to earn at least \$27.12 per hour to afford a two-bedroom rental home based on FY23 FMRs, while the current average wage of St. Croix renters is \$15.17/hour.

We plan to continue making improvements and maintain the trend of spending more program funds. We lost and then hired three case managers between January-April of 2024, as well as the Program Manager position. We also had our Associate Director leave our agency during this time so there has been significant change in both program staff and program leadership. This comes with its challenges but also with its changes and improvements. We are fully staffed and have been making slow and steady progress. We have also included requested funds in the Rural Cost line item in hopes to provide staff retention and development to strengthen this project.

## **Renewal Grant Consolidation or Renewal Grant Expansion**

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

**1. Is this renewal project application requesting to consolidate or expand? No**

### 3B. Project Description

**1. Provide a description that addresses the entire scope of the proposed project.**

The population we serve in Western WI faces several major challenges to stability, with mental health and substance abuse being two of the greatest. Many of the people experiencing homelessness in our area have criminal charges related to the use, manufacturing, or distribution of meth, and/or little to no income, making landlords and employers wary and employment and housing very difficult to obtain. Additional challenges include the lack of public transportation in our counties (which are rural and car-dependent) and the lack of attainable living-wage jobs. Mental health has been and continues to be a significant barrier for low income individuals and families in our area and finding providers to support mental health is a challenge in our rural service area.

To best address participants' needs, the project follows a Housing First model and enrolls HH without preconditions. Case Managers (CM) utilize a harm reduction approach to help participants maintain housing. They help participants find suitable housing by locating units near community amenities, ensuring rents meet FMR and rent reasonableness, and ensuring units meet HQS. CMs negotiate with landlords to include utilities in the rent and if a HH is in jeopardy of eviction, assist them in moving.

Once housed, CMs and participants assess barriers to maintaining housing, develop a stability plan, determine the frequency of visits, and identify useful community resources. Based on the HH's needs, CMs will connect them to all appropriate resources and assist them in maintaining eligibility throughout RRH. CMs can assist HHs with life skills, job readiness skills, educational attainment, transportation, refer participants to TANF services, and help them obtain SSI/SSDI.

Based on program history and details, we expect to have 18 HHs enrolled in RRH at maximum capacity and to serve 36 HHs during the program year. We project that 80% of participants will exit to, or remain in, PH and that 30% of HHs will increase their total income.

Our program is strengthened by collaboration. We rely on our partners for referrals to RRH through Coordinated Entry and we refer participants to other agencies for childcare assistance, education services, employment assistance, mental health services (including DV counseling), legal services, outpatient health services, and AODA services.

HUD and WI BOSCO support is essential in implementing this project. The HHs experiencing homelessness in our area face many challenges that are difficult or impossible to overcome without support. CoC Program funding will be used to provide rental and security deposit assistance, as well as supportive services to participants, thereby allowing this project to provide intense case management and supportive services to help these HHs obtain and maintain permanent housing. We use ESG funding to rapidly re-house HHs with fewer barriers to housing stability, and HOME-TBRA funding to rapidly re-house transition-age youth. With Rural Cost activities, we intend to address staff turnover issues by providing expanded staff development and retention activities related to our CoC programs.

## 6A. Funding Request

### VAWA Budget

In FY2024, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor’s emergency transfer(s). Additional details of eligible costs include:

- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC’s geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project’s Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

**1. Will this project use funds from this grant to provide for emergency transfer facilitation, which includes the costs of assessing, coordinating, approving, denying and implementing a survivor’s emergency transfer per Section III.B.4.a.(3) (a) of the NOFO?** No

**2. Will this project use funds from this grant to provide for VAWA confidentiality requirements, which includes the costs of ensuring compliance with the VAWA confidentiality requirements per Section III.B.4.a.(3) (b) of the NOFO?** No

**Rural Cost Budget**

In FY2024, the CoC Program has added eligible rural cost budget categories to be added in a new CoC Rural Cost Budget Line Item (BLI). The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. There are three CoC Program rural cost categories that can be requested for your CoC Rural Cost BLI.

- Short-term emergency lodging to include housing in motels or shelters, either by providing direct funding or through vouchers.
- Repairs to housing units in where individuals and families experiencing homelessness will be housed, including housing units.
- Staff Training to include professional development, skill development, and staff retention activities.

**3. Will this project use funds from this grant to provide for short-terms emergency lodging, repairs to housing units and staff training per Section III.B.4.b.(3) (a) of the NOFO?** Yes

**4. Does this project propose to allocate funds according to an indirect cost rate?** No

**5. Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited:** 1 Year

**6. Select the costs for which funding is requested:**

Rental Assistance	X
Supportive Services	X
HMIS	

VAWA	X
Rural	X

**The VAWA BLI is permanently checked. This allows any project to shift funds up to a 10% shift from another BLI if VAWA emergency transfer costs are needed.**

## 6E. Summary Budget

The following information summarizes the funding request for the total term of the project. However, applicants must confirm and correct, if necessary, the total budget amounts for Leased Structures, Supportive Services, Operating, HMIS, and Admin. Budget amounts must reflect the most accurate project information according to the most recent project grant agreement or project grant agreement amendment, the CoC’s final HUD-approved FY 2018 GIW or the project budget as reduced due to CoC reallocation. Please note that, new for FY 2018, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.
