

Approved by CE Committee on 7/24/24

**Who Uses Coordinated Entry?**

1. Any organization that provides services to people experiencing homelessness. Certain projects funded by certain programs are required to use CES. Some programs are required to use CE by their funder (i.e. CoC, EHV, FUP). These organizations are guided by No Wrong Door agency and participation agreements.
2. Any organization not required by funders to participate in CE but choose to because it makes sense for their programs and the clients they serve. These organizations are guided by Other Systems of Care agency and participation agreements.
3. Any organization with MOU's and Letters of Support must follow CE requirements established by the MOU/Letter of Support. These may be modified in a way that makes sense of the agency participating in CE.
